Alessio Castelletti

Laboratory Manager & Technical Director

EXPLANATORY NOTE

The non-accredited tests are marked with (*)

The results reported on this Analytical Report are uniquely referred to the samples as they have been delivered to the laboratory
The partial or total reproduction of this Analytical Report must be authorised in written by the laboratory.

(S) Details provided by the client. The laboratory declines any responsibility

Test uncertainties not reported are at customer disposal , for those tests in which it is possible to evaluate the test uncertainty.

The reported expanded uncertainty is based on a standard uncertainty multiplied by a coverage factor $k = 2$, which for a normal distribution provides a level of confidence of approximately 95%

The company decision rules are documented on our company website at the following address

<http://www.lab-solution.it/accreditamento/>
