FIDIVI*

FIDIVI AND THE ENVIRONMENT, A LIFE-LONG LOVE STORY.

FIDIVI is an historical italian weaving company with a beating heart that reflects the ideals of the people that are part of it.

LOVE for innovation and tradition, SENSITIVITY for the environment and PASSION for fabrics are the main basis of our philosophy.

In FIDIVI the passion for the product has always gone hand in hand with the respect for the environment, not only because it is a necessity, but especially because we love our territory!

We decided to do something concrete in order to protect our planet:

- we produce our fabrics using only 100% green energy
- we developed a Green Collection that is composed only of recycled and recyclable fabrics.

In these pages you will discover our Green Collection, made of sustainable high performance fabrics.

OUR RECYCLED FIBERS

SEAQUAL® YARN

A high quality 100% post-consumer recycled polyester yarn, obtained from plastic marine litter, which is collected and transformed into Upcycled Marine SEAQUAL® YARN by SEAQUAL INITIATIVE.

ECONYL®

A polyamide yarn obtained through the recycling of nylon waste such as discarded fishing nets and textile production waste.
ECONYL® yarn is circular because it can be recycled indefinitely, with no loss of quality.

TREVIRA CS ECO

This yarn puts together the double feature of being recycled and fire-resistant at the same time, with the advantage of being Trevira CS branded.

RECYCLED POLYESTER

A 100% post-consumer recycled polyester yarn obtained from recycled PET bottles.

OUR GREEN CERTIFICATE

GLOBAL RECYCLED STANDARD

The Global Recycled Standard (GRS) is an international standard that certifies the presence of recycled materials in our final products. The certification is issued following a third-party audit that verifies the company compliance with social & environmental aspects and the respect of the imposed chemical restrictions.

NAUTILUS

Cationic knitted fabric
100% SEAQUAL® YARN
28 colors

SEALIFE

Versatile, unicolored and melange fabric
100% SEAQUAL® YARN
30 colors

STROMBOLI

The image is a composite. The top half shows a landscape of Mount Stromboli, a volcanic island in Italy, with its characteristic conical shape and green slopes under a blue sky with some clouds. The bottom half is a close-up of a technical fabric with a repeating geometric pattern. The pattern consists of interlocking shapes that create a 3D effect, with colors ranging from bright yellow-green to dark grey and blue.

Technical two-toned fabric
100% recycled polyamide
18 colors

ECONYL®

PANAREA

A wide-angle photograph of a calm sea at sunset. The sky is a mix of orange, yellow, and light blue. A dark, jagged rock formation sits in the middle ground. To the right, a sailboat with its mast up is on the water. The overall mood is peaceful and serene.

Pied de poule pattern fabric
100% recycled polyamide
10 colors

ECONYL®

TIME

Cationic fabric with a melange effect
100% recycled polyester
